### **PRESS STATEMENT:**

#### **SCOTUS Overturns Abortion Rights, Puts Lives in Jeopardy**

*In response to the release of the SCOTUS opinion on *Dobbs v. Jackson Women's Health Organization* which overturns *Roe v. Wade* and *Planned Parenthood v. Casey*, Annie's List released the following statement on behalf of **Interim Executive Director, Ana Ramón**:*

Today is a dark day for Texas and for our country. Our freedom to choose has been shoved aside by a misguided, partisan-driven Supreme Court. This opinion blatantly disregards the majority of Americans who support abortion rights and, in a country with a rising maternal mortality rate, puts lives in jeopardy.

In states like Texas, Republicans have shown they'll stop at nothing to deny us of our rights. But we will not give up. It is critical that all of us not only realize, but *utilize* the power we hold in protecting access to abortion. Our vote can be our voice as we continue to face attempts to silence us.

At Annie's List, electing pro-choice champions who will fight for our abortion rights and access to care remains our priority. We will do whatever it takes to replace anti-abortion politicians in November — because our rights and lives depend on it.

*Annie's List has won more than 160 races across the state - making it one of the most successful political organizations in Texas. Since its founding in 2003, Annie's List has raised more than \$20 million to help progressive women run efficient and effective campaigns.*

At Annie's List, our vision is to achieve equity for women by changing the face of power in Texas. To do this, we recruit, train, support, and elect progressive women who are dedicated to advancing the self-determination, health, safety, and financial security of Texas women and their families.
