ANNIE'S LIST STATEMENT ON VICE PRESIDENT KAMALA HARRIS' ACCEPTANCE OF HISTORIC PRESIDENTIAL NOMINATION

TEXAS – Tonight, Vice President Kamala Harris accepted the Democratic party's presidential nomination ahead of this November's General Election. The Vice President's nomination is historic and signifies an exciting era of leadership for Americans everywhere, as she is the first woman of color to earn the presidential nomination of a major political party.

Annie's List Executive Director Ana Ramón released the following statement:

"Our nation's soon-to-be Madam President is an inspiration to us all. Vice President Harris began her elected leadership journey by running for District Attorney in her community, her remarkable trajectory in the 20 years since serves as a testament to the importance and necessity of investing in women candidates running for state and local offices.

"A woman of color at the top of the ticket brings new energy and life into our efforts here in Texas. Democratic women who will champion our shared values are running up and down the ballot, and it's our responsibility to uplift their candidacies.

"Harris is more than electable and the opportunity to see her serve as the first woman President of the United States would be the ultimate signifier of just how much political power women hold. History will be made in November across the U.S. and in Texas, and Annie's List fully intends to be a part of it."
